RECYCLAGE

Produkt subject to European Directive 2012/19 / EU: electrical, electronic products, batteries and accumulators must be subject to selective sorting. Be sure to put your product out of use in an appropriate bin, or return it to a collection point. Local authorities or resellers will provide you with all the information regarding the disposal of your old product. Not disposing of it with your household waste can protect the environment and human health.

RECYCLING

Product subject to European Directive 2012/19 / EU: electrical, electronic products, batteries and accumulators must be subject to selective sorting. Be sure to put your product out of use in an appropriate bin, or return it to a collection point. Local authorities or resellers will provide you with all the information regarding the disposal of your old product. Not disposing of it with your household waste can protect the environment and human health.

RECYCLAJE

Producto sujeto a la Directiva Europea 2012/19 / UE: los productos eléctricos, electrónicos, baterías y acumuladores deben estar sujetos a una clasificación selectiva. Asegúrese de dejar su producto fuera de uso en un contenedor apropiado o devolverlo a un punto de recolección. Las autoridades locales o los revendedores le proporcionarán toda la información sobre la eliminación de su producto anterior. No deshechar con la basura doméstica puede proteger el medio ambiente y la salud.

RECYCLING

Produkt podlega dyrektywie Europejskiej 2012/19 / UE: elektryczne, elektroniczne produkty, baterie i akumulatory muszą być sortowane selektywnie. Upewnij się, że produkt został wycofany do odpowiedniego pojemnika, lub oddany do punktu zbiorczego. Miejskie władze lub sprzedawcy zapewnią Ci wszystkie informacje dotyczące usunięcia Twojego starego produktu. Nie wyrzucenie go do odpadów domowych może chronić środowisko i zdrowie człowieka.

RECYCLING

Prodotto soggetto alla Direttiva Europea 2012/19 / UE: prodotti elettrici, elettronici, batterie e accumulatori devono essere soggetti a selezione selettiva. Assicurati di mettere il prodotto fuori uso in un cestino appropriato o di restituirlo a un punto di raccolta. Le autorità locali o i rivenditori ti forniranno tutte le informazioni relative allo smaltimento del tuo vecchio prodotto. Non smaltire insieme ai rifiuti domestici può proteggere l'ambiente e la salute.

RECYCLING

Προϊόν που υπόκειται στην Ευρωπαϊκή Οδηγία 2012/19 / ΕΕ: ηλεκτρικά, ηλεκτρονικά προϊόντα, μπαταρίες και συσσωρευτές πρέπει να υποστούν επιλεκτική ταξινόμηση. Βεβαιώστε να θέσετε το προϊόν σας εκτός χρήσης σε κατάλληλο σημείο συλλογής ή να το επιστρέψετε στον κατασκευαστή ή στον πωλητή. Τοπικές αρχές ή λιανοπωλητές θα σας παρέχουν όλες τις πληροφορίες σχετικά με τη διάθεση του παλαιού σας προϊόντος. Μην απορρίπτετε με τα οικιακά σας απόβλητα, καθώς αυτό μπορεί να προστατεύσει το περιβάλλον και την υγεία.
